## **Springdale Preparatory School Announces Lease of Former New Windsor Middle School**

(NEW WINDSOR, MD) – Springdale Preparatory School, an independent boarding and day school in New Windsor, Carroll County, Maryland, has signed a lease agreement for the former New Windsor Middle School, located at 1000 Green Valley Road. The two-year agreement includes the option for purchase.

The Carroll County Board of Commissioners unanimously approved the lease agreement. The middle school building and adjacent fields will serve the middle and upper school academic and athletic programs beginning this fall.

“We are pleased to expand our operations to the former New Windsor Middle School building, which is already equipped with scientific and arts equipment that support our academic program,” says Johnny Graham, founding head of school. “And, we are extremely pleased with the strong collaborative relationship between the town of New Windsor and Springdale Preparatory School that has developed. We look forward to continuing this relationship for many years to come.”

Springdale Preparatory School opened in August 2017, after purchasing the former Brethren Center campus at 500 Main Street in New Windsor. Residential and day school middle and high school students attend classes and enjoy meals in the dining hall in facilities on Main Street. Springdale Preparatory will open its lower school program in fall 2019. That program will operate fully on the Main Street campus.

### **About Springdale Preparatory School**

Springdale Preparatory School is a co-educational, independent boarding and day school located on 21 acres in northern Maryland’s rolling countryside. A college preparatory school with a diverse student population from Maryland counties, other states across the country and all over the world, Springdale Prep offers rigorous academics while equipping all learners with the tools needed to meet all of life’s challenges. Springdale prepares students for enduring success beginning with a foundation of respect for other students, faculty and the world around them. Students develop strong relationships with each other and with faculty, who help to shape them to become tomorrow’s leaders. Whether in the classroom, in the dormitory, or on the athletic fields, students experience learning through innovation and develop the skills needed to embrace lifelong learning and make a difference.
